International Journal of Nematology

Editor-in-Chief: Dr M. R. Siddiqi
24 Brantwood Road, Luton, Bedfordshire, LU1 1JJ, England
(Tel: 00-44-1582-726724; E-mail: rsiddiqi@dialstart.net).

Editor: Ms Safia F. Siddiqi, 20 - 6300 London Road, Richmond, B.C., V7E 6V6, Canada.
Tel.: 00-1-604-295-1540. E-mail: safia.siddiqi@ifns.org

Managing Editor: Dr Naved Sabir, National Centre for Integrated Pest Management, LBS Building, I.A.R.I. Campus, New Delhi-110 012, India. Tel.: 00-91-11- 25843935, 25740951; Fax: +91-11-25841472; Mobile: +91-9868589857. E-mail: n_sabir@rediffmail.com

Editorial Board Members:

Dr I. Andrásy, Hungary
Dr M. Araki, Japan
Dr A. Bello, Spain
Dr A. L. Bilgrami, USA
Dr F. Shahina, Pakistan
Dr D. De Waele, Belgium
Dr V. G. Gagarin, Russia
Dr H. S. Gaur, India
Dr T. Grace, USA
Dr P. S. Grewal, USA

Dr D. J. Hunt, UK
Dr M. S. Jairajpuri, India
Dr M. G. K. Jones, Australia
Dr E. M. Mousa, Egypt
Dr So Deuk Park, Korea
Dr N. A. Santos, Portugal
Dr M. T. Vinciguerra, Italy
Dr N. Vovlas, Italy
Dr W. M. Wouts, New Zealand
Dr Xuebiao Gao, China
Dr U. Zunke, Germany

Subscription information

Annual subscription (including airmail postage and packing):
Organisations, institutions and libraries: £75, North America and Japan US$150
Members of nematological societies: £45, North America and Japan US$90
[Add £10/ US$20 for airmail postage]

Cheques and bank drafts should be made in the name of Afro-Asian Society of Nematologists and sent to the Editor-in-Chief. Subscription money can be paid directly into AASN bank account, details are: Barclays Bank PLC, PO Box 104, St. Albans, England; BIC code: BARCGB22; IBAN code: GB41 BARC 2074 0930 0562 51. Subscribers in North America and Japan should contact the Editor, Ms Safia F. Siddiqi on above address.
The International Journal of Nematology is a biannual journal. It is published in England by Novacrystal Publishing from 24 Brantwood Road, Luton, Beds. LU1 1JJ, United Kingdom.

Picture on front cover: Studies to find resistance in Musa germplasm against Radopholus similis and Meloidogyne incognita is yielding fruitful results, see pp. 19-26. Photo of banana plants for screening resistance, inset: nematode infested banana roots. Photo courtesy of D. Suganthagunthalam.
INSTRUCTIONS TO AUTHORS

The International Journal of Nematology (IJN) is essentially devoted to the publication of original research papers on all aspects of plant, soil, freshwater, marine and invertebrate nematology. Papers on nematode parasites of vertebrates will also be considered for publication if they are of general interest or on taxonomy. All papers, review articles and short communication submitted to IJN must be unpublished original works. The manuscripts in English should be in a finished form and typed on one side of A4 size paper and double spaced throughout with ample margins. Pages should be numbered consecutively beginning from the title page. Footnotes should be avoided. Text in any format (tables and figures included or sent separately) on floppy diskette in MS Word or sent through e-mail as attached file(s) is preferred since it saves retyping.

Research papers. There is no restriction on overall length of research papers. The title page should preferably be a separate sheet and should include the following information: title of the paper, name(s) of author(s), name and address of institution where the work was carried out, an abstract of the paper followed by up to 15 keywords. A short running title may be suggested, after the keywords. Preferably, the text should be divided into INTRODUCTION, MATERIALS AND METHODS, RESULTS, DISCUSSION and LITERATURE CITED. A combined RESULTS AND DISCUSSION section is suitable.

Review articles and short communications. Review articles of general significance and surveying and critically evaluating recent developments in a particular research area will be published. Short communications for quick publication should include brief but definitive research notes.

Tables and figures. Tables should be descriptive without any reference to the text. Each table should be typed on a separate sheet. Figures, whether line drawings, graphs or photographs should be of a good quality. Legends to figures should be given on a separate sheet. Tables and figures should be numbered consecutively in Arabic numerals (Table 1, Table 2, Fig. 1, Figs 2 & 3, etc.) and be identified on the back by the name(s) of the author(s).

Units and abbreviations. Wherever possible all sizes and quantities should be expressed in Système Internationale (SI) units. Abbreviations such as mm (millimetre), μm (micrometre), g (gram), ha (hectare), J or J2 (second-stage juvenile), n (number), SE, ± (standard error), h (hour) and morphometric ratios and symbols as in Siddiqi’s (2000) book on Tylenchida should be used. Week, day, month and year should not be abbreviated.

Literature citation. In the text, references should be cited as follows: two authors, Nirmala and Mehta (1994) or (Hillocks & Bridge, 1992), three or more authors, Escuer et al., 1991 or (Anis et al., 2002). All references made in the text must be listed under ‘LITERATURE CITED’ at the end of the text. References should be listed alphabetically by the authors, followed by the year of publication. Journal titles should be cited in full, while for books the place of publication should precede the name of the publisher. Examples:

Submission. One copy of the manuscript with the original figures should be submitted to the Editor-in-Chief, Dr. M. R. Siddiqi, 24 Brantwood Road, Luton, LU1 1JL, England. It is requested to provide the text on floppy diskette in MS Word or send the text by e-mail either to: rsiddiqi@eiasnet.net, or safia.siddiqi@iifns.org and send the figures by airmail post. Payment of page charges (£30/page, £15/page reduced rate) helps the publication of IJN and facilitates quick publication.

Proofs and reprints. One copy of the proofs will be sent to the first or only author, preferably by e-mail, which must be returned to the Editor-in-Chief within a fortnight. Corrections can be communicated by e-mail: rsiddiqi@eiasnet.net or safia.siddiqi@iifns.org. No free reprints will be supplied, but reprints can be ordered, up to 100, at cost (50 and 100 reprints for a 4-page paper are charged at £40 and £60, respectively, plus postage and packing charges) while returning the proofs.

Copyright. Copyright of all papers published in IJN is with the Afro-Asian Society of Nematologists (AASN). Acceptance of manuscripts for IJN automatically transfers the copyright to AASN.

Disclaimer. IJN accepts no liability for any alterations, errors, or omissions in publication and do not provide warranty, expressed or implied, with respect to the contents of published articles. Editors of IJN have the right to alter the submitted papers, review articles and short communications to agree with the format of the journal and/or the policy of the AASN. The financial liabilities of IJN and AASN are limited to the money in their bank accounts.
